

Fibre to the Home Council Europe

Media Update: January 2014

Happy New Year!

Reminder: Request your press pass for the FTTH Conference 2014

The FTTH Conference in Stockholm is now just one month away. Taking place on 18–20 February at the Stockholmsmässan in Stockholm, Sweden, the FTTH Conference 2014 visits a country where FTTH networks have been a reality for over a decade already!

Don't miss this unique opportunity to learn everything there is to know about planning and deploying FTTH networks, broadband business opportunities and hazards, applications content and services in the new connected world, and much more.

Do you have a press pass yet? To apply for one, simply email: nadia.babaali@ftthcouncil.eu.

Already registered? Use the online information or our mobile app www.ftth2014app.eu to plan your visit and work out how to make the most of your time at the conference.

Opinion: FTTH - What does it bring to real estate?

In the real estate market, there is a great deal of interest in fibre to the home (FTTH) as a means of making properties more attractive to buyers and tenants, but for many, the added value and financial benefits are unclear. With this in mind, the FTTH Council Europe commissioned a study amongst real estate firms who have experience with high-speed fibre-optic connections..

Facebook competition deadline extended

Since we have received some creative ideas for our competition over the last few days, we have extended the deadline to midnight on 21 January 2014. Don't miss your opportunity to win a PS4 or an iPad by uploading your FTTH-inspired photos and videos to our page on Facebook.

To participate go to <http://www.facebook.com/pages/I-want-fibre/174248502650699>.

About the FTTH Council Europe:

The FTTH Council Europe is an industry organisation with a mission to accelerate the availability of fibre-based, ultra-high-speed access networks to consumers and businesses. The Council promotes this technology because it will deliver a flow of new services that will enhance the quality of life, contribute to a better environment and increase economic competitiveness. The Council consists of more than 150 member companies.
